LIMITED**

30 June 2020

Circular Ref: 2020/026

CIRCULAR

COMPLETION OF THE TRANSFER OF THE INSURANCE BUSINESS OF SUNDERLAND MARINE INSURANCE COMPANY LIMITED TO THE NORTH OF ENGLAND PROTECTING AND INDEMNITY ASSOCIATION LIMITED

Further to our Circular on 4 March 2020 (Ref: 2020/015) outlining the proposed transfer of insurance business from Sunderland Marine Insurance Company Limited to its parent company, The North of England Protecting and Indemnity Association Limited, under Part VII of the Financial Services and Markets Act 2000, we are pleased to advise that the process has been completed.

The transfer will take effect at 00:00 BST on 30 June 2020 and conclude a key milestone in the post-integration strategy of the two businesses. To coincide with the completion of the transfer, and to further embed Sunderland Marine's position in the North Group, we have taken this opportunity to update Sunderland Marine's brand identity and to launch a range of new digital resources:

- A new website delivering speedier and easier access to Sunderland Marine's three core product and service areas, contacts and information resources.
- New Android and iOS smartphone apps - featuring quicker access to Sunderland Marine's contacts and correspondents, which can be accessed with no internet connection.
- Access to North's product "GlobeView" an interactive 3D globe which transforms how information such as maritime threats and incidents or port and weather reports can be analysed and acted upon.

To access these resources, please visit www.sunderlandmarine.com.

Our commitment to delivering the highest levels of tailored service to our Members and Policyholders across the North Group remains our priority, and these new digital tools will help them access the latest information and insights when they need it.

Paul Jennings
