Safe Work
Enclosed Spaces

North

Safe work is North of England's loss prevention initiative to promote good practice and safe systems of work on board ship.

Safe work means that seafarers should identify potentially hazardous spaces on board.

Safe work requires the proper use of permit to work and entry into enclosed space procedures.

Safe work requires good inter-department communication.

Safe work requires proper implementation of the vessels safety management system.

Safe work means that seafarers should be competent and properly trained for the tasks to be performed.

Safe work means that seafarers should take responsibility for their own safety and the safety of others.

Safe work practices will reduce the number of incidents and accidents.
